

Set up your first OIDC provider

Gestion des entités	Add a new provider	
Add User	Client	MyEntity
Manage Providers	Provider name	<input type="text"/>
Add Provider	Logo URL	<input type="text"/>
	Issuer URL	<input type="text"/>
	Client ID	<input type="text"/>
	Client secret	<input type="password"/>
	LDAP uid	<input type="text"/>
	LDAP givenName	<input type="text"/>
	LDAP sn	<input type="text"/>
	LDAP mail	<input type="text"/>
	<input type="button" value="Create provider"/>	

If you do not wish to authenticate using standard users, you can configure one or more providers (OIDC, SSO).

The "provider name" field is for display purposes only; the logo is optional.

Then enter the provider configuration:

- URL
- ID
- Secret

You can then configure the LDAP attributes.

- uid
- givenName
- sn
- mail
