

CVE operation

When you access the CVE module, it provides an overview of the CVEs across the infrastructure, their severity, and the number of affected machines.

By clicking on the CVE summary banner, you can create groups based on severity. You can also click the trash can button to exclude CVEs, machines, or groups from the CVE lists.

You can view the details of each CVE by using the CVE search APIs to retrieve information about the vulnerability and its impact.

You can sort this by entity, search for a specific CVE, or run a scan.

The screenshot shows the 'Sécurité' (Security) module dashboard. The top navigation bar includes 'modulla', 'Dashboard', 'Kiosk', 'Ordinateurs', 'Imaging', 'Packages', 'Audit', 'Sécurité', 'Mises à jour', 'Historique', and 'Admin'. The left sidebar menu has 'Sécurité', 'Résumé des CVE', 'Résultats par machine', 'Résultats par entité', 'Résultats par groupe', 'Toutes les CVE', and 'Paramètres'. The main content area is titled 'Résumé des CVE' and features five summary cards: '251 CVE en base de données', '89 Critique', '90 Élevé', '72 Moyen', and '2 Machines affectées'. Below these is a 'Dernier scan' status bar and a 'Démarrer le scan CVE' button. A search bar for 'Logiciels vulnérables' is present with a search button. A table lists vulnerable software with columns for 'LOGICIEL', 'VERSION', 'STORE', 'CVSS MAXIMUM', 'CRITIQUE', 'ÉLEVÉ', 'MOYEN', 'TOTAL', 'MACHINES', and 'ACTIONS'. The table contains five rows of data for various software versions.

LOGICIEL	VERSION	STORE	CVSS MAXIMUM	CRITIQUE	ÉLEVÉ	MOYEN	TOTAL	MACHINES	ACTIONS
Mozilla Firefox (x64 fr)	134.0	-	10.0	88	85	67	240	1	🔍 🗑️
Microsoft Office ActionsServer	16.0.19127.20302	-	9.8	1	3	1	5	1	🔍 🗑️
Outlook for Windows	1.2025.1027.200	-	7.5	0	2	2	4	1	🔍 🗑️
Microsoft Edge	141.0.3537.92	-	5.5	0	0	1	1	2	🔍 🗑️
Medulla OpenSSH	9.8.1	-	4.3	0	0	1	1	2	🔍 🗑️

On the left-hand menu, you will find the different views:

- **An overview, which is the module's home page.**
- **A results view by machine**
- **A results view by entity**
- **A results view by group**
- **A view of all CVEs.**
- **A settings menu.**
